

# Private Equity Internship

## 2024.1

### **About us:**

Founded in 2013, A10 Invest is a private equity firm that is leading the energy transition in an environmentally and socially sustainable way. With a broad track record and experience in climate action, we pioneered the first Greentech project for electric car battery materials in Brazil, taking the company from an early stage to its listing on Nasdaq (SGML: US\$4.2 Bn market cap).

Through the Impact Investing strategy, the business model promotes the reduction of carbon emissions and/or the increase of climate resilience in a sustainable way, aiming for risk-adjusted financial returns. Directly led by its founding partners who have leadership experience in banks such as Goldman Sachs, Merrill Lynch, Credit Suisse, and global investment funds in São Paulo/NY/London, the team has been working together for over 15 years, possessing diverse and complementary skillsets.

### **Job description:**

Internship with the investment team, focused on monitoring the invested companies and prospecting for businesses. Given the current business model, the intern has a lot of exposure to the senior team, allowing for an exponential learning curve.

### **Requirements:**

- Expected graduation starting from June 2025.
- Currently studying: Business Administration, Engineering, or Economics.
- Advanced Office Suite.
- Fluent English.

### **Application:**
