

Job Description

Job Title: Investment Intern

Type of Job: Part-time (6 hours/day)

Starting Date: 3Q2022 (exact date TBD)

About Blue like an Orange Sustainable Capital

Blue like an Orange Sustainable Capital ("Blue like an Orange") invests in companies and projects that offer both market-based financial returns as well as demonstrable positive social and/or environmental impact aligned with the United Nations' Sustainable Development Goals ("SDGs"). The investment strategy seeks growth opportunities in emerging markets, primarily in Latin America, across several sectors, including infrastructure, technology-enabled services, education, health, agriculture, and access to finance.

About the Position

We are currently seeking an Investment Intern to join the São Paulo office (presential). This position will give the candidate an opportunity to work in all aspects of the investment process—including origination and screening of potential investments, as well as financial modeling, transaction structuring, and execution—, besides assisting the investment team on portfolio management. Responsibilities include, but are not limited to:

- Assisting the team in performing quantitative and qualitative analysis of potential investment opportunities (e.g., historical financial statements analysis, financial projections analysis, financial modeling, sector analysis, competitive landscape)
- Conducting industry and market research and preparing communication materials
- Supporting the structuring of new transactions and investment negotiations
- Supporting the team in developing pipeline opportunities
- Supporting the preparation of portfolio reporting materials to investors

Desired Qualifications

The Investment Intern will work with a multicultural team. At Blue like an Orange, we value work ethic, integrity, and teamwork skills. Criteria for a successful candidate include:

- Graduation from June 2023 to June 2024
- Interest in impact investing and finance
- Strong business analytics and quantitative skills
- Knowledge in financial analysis, accounting, and financial modeling
- Excellent written, verbal, and interpersonal communication skills
- Outstanding initiative, self-starter, and high ethical standards
- Genuine commitment to sustainable development
- Attention to detail, adherence to deadlines, and diligent work
- Fluency in English (Spanish is a plus)
