

About 44 Capital:

44 Capital is an independent and unbiased investment banking firm focused on Mergers & Acquisitions, Private Placements, Financial Restructuring and Capital Markets advisory services. We add value to our clients by providing strong expertise in a wide range of industries, conflict-free advice, superior execution, and a long-standing relationship with both national and foreign corporations.

The team has extensive experience in highly complex transactions, international transactions, shareholding sales, company acquisitions, mergers, joint ventures, and fundraising. As such, the Analyst will be a key part of a small deal team on strategic M&A and other assignments, having an important role in the deal process.

Key Responsibilities Include:

1. Financial modeling.
2. Conduct research and analysis of companies, markets and sectors across different geographies.
3. Collecting and handling data and information for the construction of analysis and presentations.
4. Supporting the senior team in preparing and revising documents (contracts, terms, memos, etc).
5. Guiding and reviewing the interns' and trainees' work, while contributing to their development.
6. Support in the interaction with clients, helping to manage deal processes, and related operational activities, among others.

Requirements:

1. BA/BS required; post-graduate degree or specialization is a plus.
2. Prior experience in Investment Banking/M&A is mandatory.
3. Solid knowledge of corporate finance and accounting.
4. Strong quantitative background and analytical skills coupled with attention to detail.
5. Excellent verbal/written communication skills with ability to multi-task.
6. Motivation to work as a team player and contribute to a positive team culture.
7. Fluent Portuguese and English is required. Fluent Spanish is desirable.
8. Advanced MS Excel skills.
9. Availability to work in São Paulo/SP.
