

Job Description

FX Trading Desk Internship

Who we are looking for

We are looking for a strong candidate to join our trading desk and assist our team in achieving our revenue / P&L goals by supporting on our daily activities and working on special projects that aim to enhance the operation. We are looking for a candidate that is interested to learn about the financial markets and its products, with a special interest in foreign exchange and electronic trading.

Why this role is important to us

The chosen candidate will join State Street local Bank operation, as a member of the Global Market division. The trading desk is responsible for the foreign exchange (FX) transactions and treasury functions. Even though we have been in Brazil for only 5 years, we were ranked the 14th highest volume FX bank in Brazil in 2022. Our local operation has been expanding quickly, with a broader base of clients and a big focus on technology and its applications to finance and trading. The candidate will have the opportunity to experience and support us on this endeavor, with a big focus on trading supported by new technologies.

What you will be responsible for

As a value member of our team, you will:

- Work directly with the trading desk, supporting our activities:
 - Learn how to monitor risk and calculate revenue/P&L
 - Understand and assist on the bank's liquidity/cash management strategy
 - Support the team on operational activities
- Interact with the Sales team (based in SP, Boston, London and Asia)
- Learn about our data focused research and create analytical strategies on how to integrate it to our FX business
- Develop relationships and networking across the firm, with different departments including the Bank's Board (Risk, Compliance, Operations, etc)
- Work with our Developers/Quant team on a project to improve our electronic trading models and capabilities
- Be mentored by senior members of the Bank's board (Head Trader, CEO, CFO, etc)

What we value

- Teamwork and ethical behavior
- Strong analytical/logical skills
- Curiosity and creativity
- Attention to details, ability to work in a fast paced environment

Education & Preferred Qualifications

- Must be working towards a Bachelor's degree or equivalent, preferably in STEM subjects
- Fluent in English
- Knowledge in coding, statistics are desired
